Type of user = 1 3 4 and experience level = 2  
Progs most used  
Possible future uses for  
Interested in : Quest Cash traders and childrens education and games

\*\*\*\*\*

on the back of the sheet you'll find an ALPHABETUCAL listing of members showing their EUDB number so you can lok them up in the main lists.

On the last page (front and back) you'll find a GEOGRAPHICAL index which gives a listing by county and post-code. This listing is only a rough guide..... as far as I know EVERY member has been listed somewhere under one county name. Howevr, you might need to be a bit imaginative to use it, e.g. 'London' is treated as a county (even though it isn't really one) and I get a bit confused with some places in and around Birmingham and (nearer home and therefore less excuse) with places round Mancheter. The moral is..... be flexible when looking for contacts.
