Seller notes: "Used for very short period when new then re-boxed and stored until recently."

Model:	Tatung Einstein	Type:	Desktop Computers & All-in-Ones
Modified Item:	No	Vintage:	Yes
Country/Region of Manufacture:	United Kingdom	Brand:	Tatung
EAN:	Does not apply		

Tatung Einstein TC01 Home Computer - Superb Condition - One Owner Since New

This Tatung Einstein was part of a bundle I purchased from a major electrical shop, Dixons maybe, in the mid 1980s. Television, VCR and home computer powered it on a few times in the first couple of weeks to see if I preferred it to the Dragon I was using at the time - the Dragon won so this was put back on the bench would be more accurate, there it stayed until recently when I was instructed to "get rid of some of your stuff".

I believe everything that came with it originally is still there and as can be seen from photos it powered up and ran OK a few days ago.

Main Unit: Cosmetically excellent, no case yellowing at all, keyboard pristine. One small scratch on top as shown in photo with coin for scale. No bent

Manuals: Three manuals as pictured, these were kept in a bookcase and have been thumbed but not excessively.

Software: Three original discs.

- Einstein System Master V3.0
- Einstein BBC Basic (Z80)
- Bumper Games Pack V1.0 (with game instruction sheet)

Miscellaneous:

- Einstein Reference Card (79-0871-7)
- Einstein Software Price List (bit crumpled at top corner, spent years trapped under unit)
- Registration Card for Einstein Users Club (may be bit late to send this off)
- Box and polystyrene packing. Box is complete but looks like it has been stored for years. One side feels like the cardboard is separating where it
- Lastly to complete the ensemble - a paper strip to label the function keys!!!

This will be shipped by courier with additional packaging covering the original box.

Well done if you've made it this far and thanks for looking!

*** I am unable to ship this outside of the UK ***
