Item specifics

Condition:	For parts or not working: An item that does not function as intended or is not fully operational. ... Read more	Brand:	Tatung
Type:	See photos.	Model:	Tatung Einstein

When powered, the 2 lights on the front are on but the computer does not respond to Ctrl Break which, I think, should start the disk drive. There is no display on an attached T.V. (which is not included in the sale.) Does include system disk and games disk but I can't test either of them for the reason above. If you need me to post this, there may be a delay as I will need to buy an appropriate box.

Please note that I cannot get this item to work and that it is listed as for parts/not working.
