

RE-ENTHUSED: WORLD OF RETRO

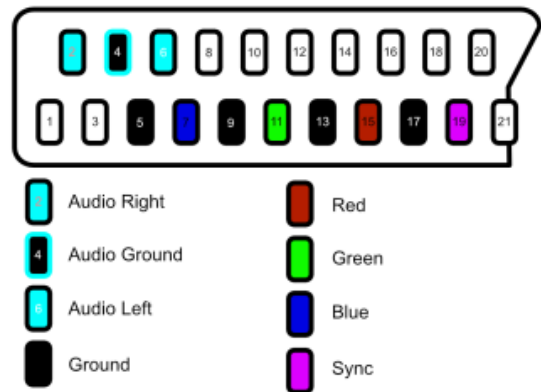

The present is horrible, the future looks bleak. Let's go back to the past

SEPTEMBER 11, 2019 BY JONN BLANCHARD

Tatung Einstein RGB to SCART cable

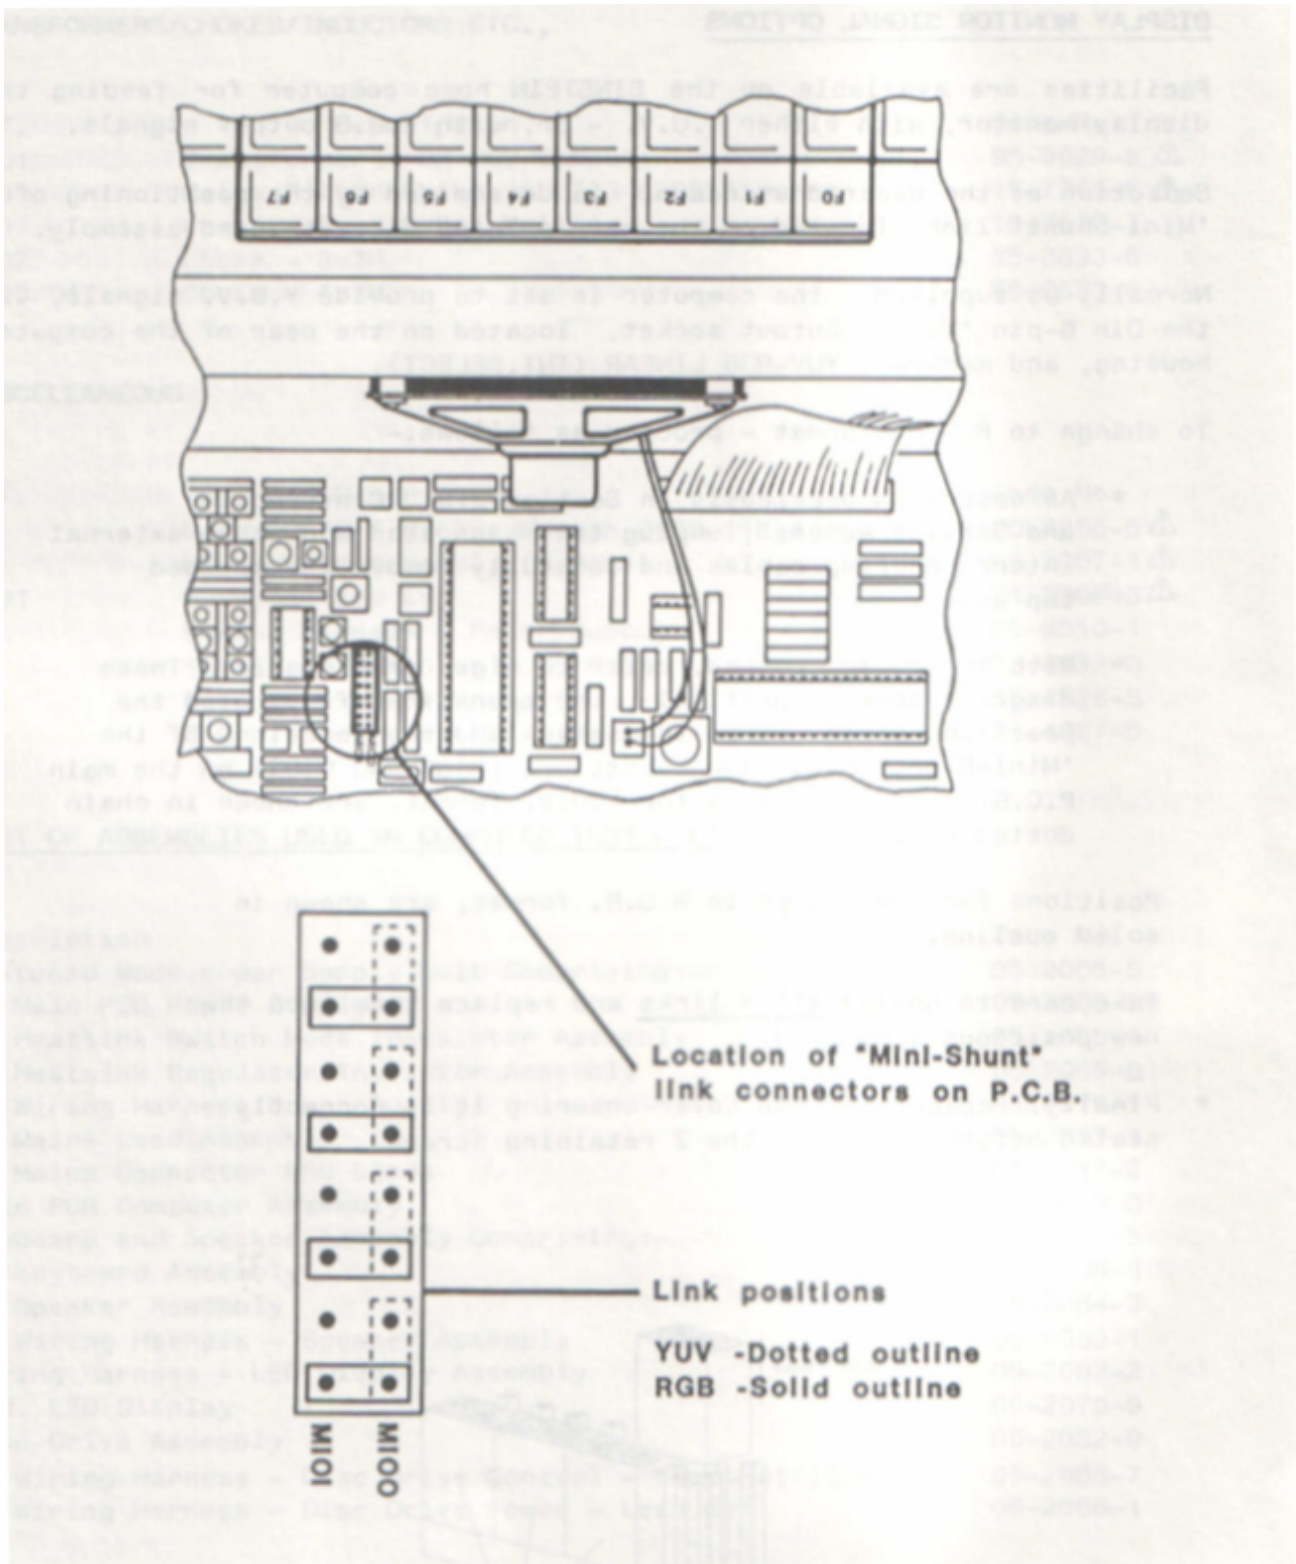

Looking at port, rear of connector

The ground from the Tatung should be connected to ALL of the grounds on the SCART connector.

You also need to change some jumpers inside the Einstein itself to change the port display mode from YUV to RGB
